README

Madhav Bhushan · Personal Resume Website

Project Overview

A personal resume website presenting Madhav Bhushan's professional profile, education, campus roles, leadership experience, strengths, interests and contact details. It is built as a single HTML document with CSS embedded in the page.

Profile

Name: Madhav Bhushan

Profile positioning: Business, strategy & execution.

The profile introduces a student pursuing a BBA in Digital Business & Entrepreneurship at IIM Bangalore alongside a B.Com (Honours) at MAIMS.

Education

Institution	Programme
Indian Institute of Management Bangalore (IIMB)	BBA — Digital Business & Entrepreneurship
Maharaja Agrasen Institute of Management Studies (MAIMS)	B.Com (Honours)

Campus Experience

- **COMMPACT — Sponsorship Team Member:** sponsor outreach and partnership-related work for the commerce society of MAIMS.
- **COMMPACT — Marketing Team Member:** marketing initiatives and promotional activities for the society.
- **KNOCKOUT — Event Management Team Member:** event and tournament coordination for the esports society of MAIMS.

Additional Leadership Experience

- **School Programs — Student Coordinator:** student coordination and event support.
- **Eco Club — Volunteer:** participation in environmental and sustainability initiatives.

Strengths and Areas of Interest

Strengths: sponsor and corporate outreach, stakeholder communication, marketing execution, event coordination, teamwork and business communication.

Interests: strategy and consulting, business development, market positioning, entrepreneurship, finance and fintech, and corporate relations.

Contact Information Displayed

Location: Delhi, India
Mobile: +91 92053 02274
Email: madhav.bhushan26@iimb.ac.in
Alternate email: madhavbhushan06@gmail.com

Design and Technology

The website uses HTML5 for structure and CSS3 for styling. Its visual theme includes a dark sidebar, light main content area, blue accents and a gold highlight colour. Responsive CSS rules adapt the layout for smaller screens. Google Fonts are linked for DM Sans and Playfair Display, with Arial specified for body text.

Main project file: resume_website_combined.html. The stylesheet is embedded in a <style> element, so a separate CSS file is not required. The page includes clickable phone and email links and does not require a JavaScript framework or backend.

This document describes the content and features represented in the resume website; it is not a list of tasks for the website owner.
